- Pegasus Medical Monitoring Inc offers employment/workplace drug and alcohol testing services, which consist of specimen collection, transport to the designated laboratory, and reporting test results. Pegasus staff are unable to provide any advice, comments or recommendations regarding an employee's fitness to work.
- Any employee presenting for post-incident or reasonable cause testing must be accompanied by a supervisor.
- Should an employee attend for pre-employment testing while clearly under the influence and intends to drive away from the facility, Pegasus staff are legally obligated to report to the appropriate authorities.
